Each company is responsible for its own financial obligations.

YOUR  
FUTURE  
DEPENDS  
ON ONE  
NUMBER

Do you know  
what it is?

**A Financial Independence Number or "FIN" is one of life's most important numbers, and yet most people know little about it.**

**Your FIN represents the number of dollars you'll need for retirement.**

**Your FIN is different from everyone else's – it's as unique as you are.**

### **Why FIN?**

Not planning in advance for retirement could leave you unprepared. 67% of workers feel confident they will have enough money to live comfortably throughout retirement.

Rising healthcare costs are another key reason to start preparing early. 56% of workers found healthcare costs to negatively impact their ability to save. You never know when your circumstances may change. As with most things in life, it's easier to achieve a goal when you have a plan!

### **Your Life, Your Needs**

How much will *you* need at retirement? That amount depends on several factors, including:

- **How you want to spend your retirement**  
Traveling the world or rocking on the porch?
- **How old you are right now**  
Are you in your 20s, 30s, 40s?
- **When you're hoping to retire**  
At age 70, 67, 65, 62, 60, 55?
- **Whether you will bank on social assistance**  
Can you count on government programs to be around in the future?

**GET YOUR FIN  
FOR FREE!**

**It's complimentary and easy, and it's important. Make the call today!**

A Primerica representative can calculate your FIN for free, as part of a personalized Financial Needs Analysis. You'll also learn whether your current savings plan has you on track to reach your FIN. Best of all, you'll get the information you need to start making sound financial decisions – decisions that will affect what should be one of the most rewarding times of your life.
